---

We have had to close for 12 months & even now still closed but offering Entrance by appointment. Our Volunteers are not feeling happy to open even now. During the Pandemic last year we had significant damage caused by Vandals which meant we had to spend a lot of money after Insurance claims to repair mostly broken glass (Large Windows, plus smashed Solar Cells on roof. We continued to receive all the usual accounts, but with minor income. Fortunately we did get some donations, but we are still behind. We have not been able to secure any Covid Money because we operate only with volunteers. No Paid workers. We could do with some help financially, because we are still well behind where we were 12 months ago  
Barry Campbell. (Secretary). Historical Society of Mooroopna Inc.
