--

I believe the free tram zone should be extended to include the University of Melbourne Parkville and Southbank campuses. This will help support students in their educational endeavors and provide a convenient mode of transport to connect Melbourne's cbd with an important social, cultural and educational landmark. A significant number of students travelling in the free tram zone are likely to have already used the public transport metro system to catch a train to the cbd area, thereby increasing the free tram zone will be efficient and convenient.
