

Inquiry Name: Inquiry into Expanding Melbourne's Free Tram Zone

Dr Leonardo Nogueira de Moraes

SUBMISSION CONTENT:

--

I hereby would like to support the extension of the Free Tram Zone to encompass the University of Melbourne Parkville and VCA campuses. This would reduce costs for students to attend classes at these university campuses and would increase public transport efficiency as the need to touch on Myki cards normally leads to tram delays in busy trams stops like those along the Swanston Street corridor. I also support the idea that Public Transport should be free for students so that those studying in other universities such as Monash and Swinburne or residing in areas outside the free tram zone could also be impacted positively.
