

Inquiry Name: Inquiry into Expanding Melbourne's Free Tram Zone

I think the free tram zone should be expanded. It has always seemed ridiculous that it doesn't include popular tourist destinations like National Gallery of Victoria. The current boundaries are quite arbitrary and never made sense.

I also strongly believe that all public transport travel should be free for seniors - beneficial for financial reasons, as many pensioners are on very tight budgets, and for health benefits that enable pensioners to get out into fresh air and social activities that benefit both mind and body.
