The free zone should be extended to Stop 1 - at the University of Melbourne because of increasing density of educational institutions within that area that includes RMIT, University of Melbourne and Monash Universities furthermore a majority of large public events are held in that area outside of the free trams zone. Lastly numerous tourists utilise the tram network towards Melbourne University and Carlton gardens and also to access the public hospitals. It would not only benefit students that are broke most of the time but the city of Melbourne as well.
