

I support the extension of the free tram zone to include some of Melbourne's most iconic destinations, specifically the Arts Precinct (NGV, ACCA, Melb Recital Centre), the Melbourne Museum and Royal Exhibition Building, and the unique hubs in Carlton and Prahran. Extension of the free tram zone would strengthen Melbourne's hospitality to visitors, local, interstate and international.

I also view the extension of the free tram zone as an initiative to increase public transport usage and support sustainable transport in central Melbourne.

Kind regards

Vanessa
