

Inquiry Name: Inquiry into Expanding Melbourne's Free Tram Zone

While I can see that having a free tram zone in Melbourne cbd can be a good thing for liveability and not having to have RPOs visible patrolling trams in the cbd. The overcrowded that it has caused has resulted in actual passengers requiring the service for longer journeys than the cbd, been unable to board or are significantly delayed trying to wait for a tram that does have space. As a parent with a pram, I don't even try to catch trams in my journey planner as is too hard to find space on limited low floor trams due to overcrowding, so I cannot even imagine the struggle that people with disabilities face.
