Dear Sir/Madam:

I am writing this submission to express my support for the extension of the free tram zone to include the University of Melbourne.

The University is a pivotal part of the city and its history. Not only will it encourage more visitors to appreciate the campus but it will also be a significant advantage for students and faculty who are accessing the CBD.

The integration between the educational institution and the city will encourage support of academic, social, and cultural events. It will allow the public to be able to access free lectures on campus, and in general will assist students who are on a more limited financial budget to live close to the University and access the city.
