Please do extend the free tram zone.

The strongest reasons that I advocate this change is that Victoria has spent hundreds of millions of dollars developing a world-class arts precinct and we want to encourage people to come to it. Making public transport free will encourage just that.

Secondly, this initiative will help many lower-socioeconomic groups fo people have much better access to facilities like Melbourne University. Imagine, people can get to and from parts of the city and their place of education free. It will make higher education much more accessible for many people.
