I note that Melbourne University has publicly indicated that it supports the extension of the free tram arrangement to cover stops that are at or near its campuses. I am a Melbourne University graduate and a current student. I note Melbourne University has requested current students to provide a submission to support its position mentioned above. I fully support Melbourne University's position in this regard and advocate that the Victorian Government should implement such a change.

Furthermore, I fully support the ideas to provide 'free fares for all full-time students' and 'remove fares for all Seniors Card holders'.
