

Dear Sir or Madame,

Please extend the free tram zone to the University of Melbourne Parkville and VCA campuses. While it's easy to put a number on how much money scrapping the free tram zone will generate, the much larger impact of fuelling the economy and helping society is harder to assess. Let's reach out to students and show that Melbourne is a modern city, promoting education and equal opportunity.

Yours faithfully,  
Lennart Balkenhol
