

Inquiry Name: Inquiry into Expanding Melbourne's Free Tram Zone

I believe the free tram zone should be extended to include the Melbourne Arts Centre, Crown/MCEC, Melbourne University and the Royal Melbourne Hospital, and Melbourne Museum/St Vincent's Hospital. These stops are only a short distance from the end of the free tram zones, but represent major health, education, and cultural hubs. Accessibility to these areas should be improved, and having these centres only a few stops outside of the free tram zone feels like an attempt of revenue raising to many commuters. It would also incentivise people who are already in the city to visit some areas like the NGV or Melbourne Museum more frequently, and create a better experience for locals and tourists alike.
