**SUBMISSION CONTENT:**

--

I believe that it is extremely important to extend the free tram zone to the Southbank and Parkville campuses of Melbourne University. This will increase the equitable access of tertiary education to already impoverished university students who are doing it tough. It would also increase the commercial and business aspects of students travelling into the CBD and back out again to return to university during the daytime hours. Safety is a further consideration particularly with many lectures and tutorials now being planned for after hours.
