

Inquiry Name: Inquiry into Expanding Melbourne's Free Tram Zone

Please retain the free tram zone in the CBD. We live in the CBD and were extremely disappointed to learn that the share bikes are being removed at the end of November. We currently do not have a car and the trams and share bikes are (currently) our primary modes of transit. (We always tap our Myki for trips out of the free tram zone.) Melbourne was once the most liveable city in the world, and although it maintains its place in the Top 10, it will continue to slip in rankings along with the quality of life here, if the govt continues to remove infrastructure.
