**SUBMISSION CONTENT:**

--

The free tram services should be extended to include access to universities - this includes University of Melbourne and ACU. Students both domestic and international should be able to access their university free of charge due to the large amount of moneys spent on their study. Also, it should be noted that all students, whether undergraduate or graduate, spend a considerable time in the city where they also spend their money. It is a small cost to bear for the students having good experiences on trams
