

Inquiry Name: Inquiry into the Increase in Victoria's Road Toll

Mr Lionel Woodford

[REDACTED]

[REDACTED]

SUBMISSION CONTENT:

--

1. Introduce compulsory third party insurance to stop young drivers driving powerful cars.
2. Stop motorcyclists riding motorcycles over 125cc or 12bhp on L plates as in the UK.
3. Introduce annual roadworthy tests for all vehicles to get rid of the old dangerous cars.
4. Australia has some of the most expensive car pricing in the world which means people drive older more dangerous cars. Reduce car prices in line with those in Europe or North America.
5. Ban dark glass on car windows. It is important to make eye contact with other drivers.
