Subject: New Submission to Inquiry into the Increase in Victoria's Road Toll

Inquiry Name: Inquiry into the Increase in Victoria's Road Toll

Mr Ross Block

SUBMISSION CONTENT:

--

I believe there will be more injuries/deaths to motorcyclists due to the installation of WRB's (wire rope barriers). If there isn't due consideration as to how they are installed and where they are placed. I have seen them built so close to the edge of the road that if involved in or avoiding an accident it would appear almost impossible to avoid them on a motorbike.
