My family and I have been long term cyclists for many decades. We are currently members of Bicycling Network, I am a member of MTBA (Mountain Biking Australia) and my daughter (2008 Australian Olympic MTB representative) and I have been members of ACF (Australian Cycling Federation).

We fully support the introduction of a bicycle passing law.

We also support the introduction of a law based on the Queensland legislation, for both simplicity and consistency across (hopefully) Australia.

The current Victorian passing law is flawed. By decreeing that a motorist in passing a cyclist without killing or knocking he/she from their bike is lawful is not road safety.

We look forward to the outcome of you deliberations.
