I am writing to express my concern at the number of cyclists being killed and injured on Australian roads.

I would like to see safe passing distance laws for cars and trucks overtaking bicycles, so we can all share the road safely.

I agree with the Committee's decision to look at the examples of Queensland, ACT and Tasmania where safe passing laws have been introduced, or are being trialled, and how to run a public education campaign about the rule change.

Kind Regards,  
Jacqui
