Subject: Submission to Inquiry into the Road Safety Road Rules 2009 (Overtaking Bicycles) Bill 2015

This e-mail has been sent on behalf of Bill Fish, at [REDACTED]. They can be contacted by phone at [REDACTED] or by e-mail at [REDACTED]. The content of their submission is below.

+++++

Cycling in Victoria is a dangerous activity in a car dominated culture. Those that choose to cycle as of means of transport must be protected. The biggest danger to a cyclist is from behind. One metre Will make a big difference. The passing this legislation could have a profound impact on unlocking the latent demand who wish to participate in active transport , but choose not to for personal self-preservation.
