

Inquiry into Health Impacts of Air Pollution in Victoria

Ms Wendy Magee

Organisation Name: Hazelwood North No Lead Smelter Group

Your position or role: Concerned member

YOUR SUBMISSION

Submission:

I am very confused as to what our governments actions are.

I am a member of the Latrobe Valley community and given all the high polluting emissions we have i do wonder why things are so contradicting.

."oh lets work on our air quality and reduce pollution to a better level for a cleaner future".

"Oh okay but first lets put a CHUNXING BATTERY LEAD SMELTER in Latrobe Valley ,it wont matter they already have high poor air quality. "

The above is the simplified version of pollitical Jargon.

My question is.

IF WE ARE AIMING TO SHUT THE COAL POWER STATIONS DOWN IN A FEW YEARS TO COME.WHY THEN PUT ANOTHER DIRTY INDUSTRY IN THE AREA.

Why has my richard wynn been able to approve this smelter before a vcat date and with environmental correct procedures.

WHAT IS THE POINT OF YOUR COMMITTEE IF THE ABOVE SCENARIOS GO WILLY NILLY INTO OUR COMMUNITY.

THIS IS CONTRADICTION AT ITS WORST

REGARDS

WENDY MAGEE

VERY CONCERNED LATROBE VALLY RESIDENT
