

Air pollution Inquiry

Ms Pauline Galvin

Organisation Name: Newlands Friends of the Forest

Your position or role: co-convener

YOUR SUBMISSION

Submission:

At Newlands Friends of the Forest - we have particular concerns about the health harms caused by Industrial logging Burns. We understand that the lack of transparency on the air pollution caused by these burns and its impacts disguise the health harms caused by this practice.

Attached is a file showing who we are and another showing our Submission to the 2018 Clean Air process.

Thank you for considering this submission with its two files attached
