Subject: Submission to Parliamentary Inquiry into Ecosystem Decline in Victoria

Categories: Submissions

I believe here in Australia we need to look after our animals and that means the government need to spend money to do so.

Also our land with grass,trees etc need to be respected as we need these.

As for the Bush fires,I'm sorry but alot of roads sides with over hanging trees need to be trim back and land owners need to be able to trim or cut these trees for there saftey of fires,I'm sure these land owners dont want fires causing death and there animals being burned as much as the rest of us people.they life and there lives are for there lands etc.but as some people don't like them removing trees but sometimes it needs to be done.

Yours sincerely,
Jayne Greer
