Inquiry Name: Inquiry into Ecosystem Decline in Victoria

Miss Bernadette Shingles

**SUBMISSION CONTENT:**

--

Dear Sir/Madam,

My submission is made as a concerned member of the public and I am not affiliated with any organisation.

It is time for the Victorian government to recognise the importance of our ecosystems and to STOP contributing to their decline.

Mr Andrews cannot be ignorant of the Impacts of native forest logging and land clearing and his government's utter disregard of such and the continuing, questionable relationship between the government and VicForests is a major cause for concern. Already so much land has been cleared and I fear that the damage is too great to be rectified.

The recent bush fires and devastating loss of wildlife should, one would think, have been enough for the Victorian government to immediately cease all potential hazards to an already weakened ecosystem but as usual, we have the obfuscation and prevarication from Mr Andrews and others.

It is time to take SERIOUSLY our wonderful ecosystems and wildlife and to look after them now, not when it's too late.
