Dear Committee Members,

Thank you for the opportunity to make a submission to the Victorian Parliament's Inquiry into ecosystem decline in Victoria.

### INTRODUCTION

I am making a submission as a member of the public because I'm deeply concerned about the declining health of Victoria's environment.

Numerous reports from scientific and community investigations highlight the problems, and detailed solutions from experts abound.

To my mind, immediate decisive action required on two fronts in particular is a 'no-brainer':

1. stop land clearing and deforestation; 2. put in place transition plans to move from fossil fuel mining to alternate sources of energy.

Yours with some degree of hope (altho' at times a sense of failure after 5 decades in education and seeing ignorance and perhaps lack of courage still guiding government decisions in these matters),
