

Re: Inquiry

Dear Sir/Madam,

I am writing about the felling of significant trees and the demolition of heritage buildings at the Caulfield Racecourse. Some of the trees were irreplaceable being aged and greater than 100 years old. I cannot stress the importance and symbolism of the Aleppo Pine. Yet, it was cut down. This was desecration. All of this being done without community knowledge including your Caulfield Racecourse Reserve Trust. (CRRT) You should be ashamed of yourselves.

This is on top of Minister Wynne's "calling in" of the Kadimah Jewish Museum proposed development in Selwyn St., Elsternwick. I thought that we lived in a democracy?

Once again, the community does not have a voice.

Yours,

Dr Karen Boyd-Jones
