RE: INQUIRY INTO THE ENVIRONMENT PROTECTION AMENDMENT (BANNING PLASTIC BAGS, PACKAGING AND MICROBEADS) BILL 2016

too much plastic

today, while shopping at a \$2 shop, I had to tell the shop assistant twice that I didn't need a plastic bag for 1 small plastic wallet, while I was still at the counter he served the next lady and put her 3 items in separate plastic bags which she then put into an existing plastic bag she had from another store!

We are drowning in this stuff and people are not even trying to reduce their use - this is why it needs to be legislated.

Please.
