RE: Inquiry into the Environment Protection Amendment (Banning Plastic Bags, Packaging and Microbeads) Bill 2016

Please understand our sensitive ocean ecosystem is under threat because of humans and the use of these unnecessary items. SA and Tasmania takes a stand on this issue in many/most areas and it is possible to follow their initiative.

We have the Great Barrier Reef- but for how long? This is a Bill that needs to be passed. Sooner rather than later, for the protection of all.

Thank-you, Carolyn and family.
