Subject: Ban single-use plastic bags

Inquiry into the Environment Protection Amendment (Banning Plastic Bags, Packaging and Microbeads) Bill 2016

It seems ludicrous that one even has to make a submission to this inquiry when it is so patently obvious that plastic packaging, plastic bags and microbeads are causing huge problems for the environment at large. It would be in the interest of all of us to ban these products as has been done in many other responsible countries and organizations. Please act to protect our vulnerable environment and our one and only planet.
