RE: INQUIRY INTO THE ENVIRONMENT PROTECTION AMENDMENT (BANNING PLASTIC BAGS, PACKAGING AND MICROBEADS) BILL 2016

Ban plastic bags

I fully support the banning of plastic bags in Victoria. It is a direct and simple way to significantly reduce one of our major polluters and has been demonstrably successful in other communities. I already carry my own shopping bags for reuse and while it takes a little getting used to it is very 'doable'. We must act where we can to cut our plastic pollution so that we can start to reverse and not increase the harm already done to our wildlife, oceans and waterways.
