Subject: 10 cent refund in Victoria now

RE: INQUIRY INTO RECYCLING AND WASTE MANAGEMENT

We must start recycling, bottles and cans in Victoria now, receiving 10 cent refund on all bottles and cans makes social, environmental and economic sense. It gives children, the poor and the homeless a chance to gain some money and clean up rubbish at the same time. we in Northern Victoria take all our bottles and cans to NSW. This is not economically viable but we believe they should not continue to go to landfill. Much more money needs to be put into recycling our waste. It has to be done now!
