RE: INQUIRY INTO RECYCLING AND WASTE MANAGEMENT

The recycling concerns of China have been known for some time - why was the issue completely ignored ??

The 10c refund must be introduced.

All single use plastic must be stopped - condoms on cucumbers, berries in containers, apples/carrots/onions in bags etc!

The plastic we do use must ALL be recycled, and the products purchased by ALL govt/council depts !! Why are seats of aluminium installed, instead of recycled plastic ones ??
