Subject: A proper, thorough waste disposal and recycling system

RE: INQUIRY INTO RECYCLING AND WASTE MANAGEMENT

We need a thorough system where as much as possible is recycled. We had a container deposit scheme when I was a kid in the 1960's and it worked really well and raised a lot of money by organisations like scouts and guides who recycled from people who would rather donate than recycle themselves. Look back at how things were done back before there was plastic.
