Subject: New Submission to Inquiry into Recycling and Waste Management

Inquiry Name: Inquiry into Recycling and Waste Management

Maeve Johnson
[REDACTED]

SUBMISSION CONTENT:

--

I believe we are in a waste crisis and that the best way forward is to dramatically reduce our waste in the first place. There needs to be much more education of the public on this matter, including campaigns to help the public with steps and solutions to reduce waste production.
We need to come up with much better solutions and incentives to create change as soon as possible. Perhaps making businesses, small and large, accountable for how much waste (especially single use plastic waste) they are producing etc
