RE: INQUIRY INTO RECYCLING AND WASTE MANAGEMENT

Its frustrating that we don't have a recycling system in Victoria let alone in Australia.  
Single-use plastics such as bags are still being used despite the recent ban at Coles/Woolies. It makes me still angry when companies still wrapping fruit and vegetables with single-use plastic, that has got to stop.  
Also we need to do what SA does with the 5 cent refund scheme, it rewards low-income earners and also cleans the environment up as well.  
I think thats everything I've said.  
Thank you.
