RE: INQUIRY INTO RECYCLING AND WASTE MANAGEMENT

The time is now for a change to our lifestyle choices. Manufacturers of food, beverages and goods must reduce packaging and provide us the consumer a sustainable solution. I recently received a gift of a mobile phone case the packaging was over 10 cm wide included hard plastic, thick laminated cardboard box with a lid and bottom and clear plastic cover and soft plastic. All this to sell a mobile phone cover and all sent straight to landfill! There must be a better way.
