RE: INQUIRY INTO RECYCLING AND WASTE MANAGEMENT

1. We need clear instructions on what things for recycling go in the Recycling Bin and what things need to go somewhere else - and where those other recycling places are and what they take. Each household should have a clear set of information - and this information should be available in multiple languages. For the Chisholm electorate - Chinese instructions are essential.
2. There should be incentives for collection of easily recycled products such as glass and aluminium.
