**Subject:** Recycling Submisson

Good afternoon I wish to make a submission regarding enquiry as to what is currently being done to ensure our fortnightly recycling is not ending up as landfill.

Also I wish you to consider implementing a wasteage Tax upon major waste producers such as McDonalds, Hungry Jacks, KFC and other large chains who are currently creating unimaginable and unsustainable amounts of waste.

These businesses have no recycling facilities onsite yet most of the rubbish is paper or cardboard.

A major change in how we package our supermarket products is required. Just standing in line and watching the groceries go thru the checkout hardly a thing is now unpackaged it wrapt in plastic.

The time has come for action not words and political jargon, our planet and our kids future depends on what we can do as adults now.
