Please find alternative solutions to landfill. Extending raven hall tip will affect the health and wellbeing if wider west and northwest communities. Please note that it is your planning that made it possible for so many housing estates come up around this planned tip. You have collected massive amounts of money in the form of stamp duty and also from developers. Do not test the patience and intelligence of the people. Labour is strong in north-west and west but dont take it for granted. We still trust that the government will do the right thing.

Yours sincerely
Giridhar
