YOUR SUBMISSION

Submission:

1. I believe that the Victorian Government could end people sleeping on our streets within weeks, by stopping the privatisation of public housing, and spot purchasing more properties for public housing. 2. Social workers should also be employed to help those housed with finding documents eg birth certificates to assist them apply for the Commonwealth benefits they are entitled to, and mental and physical health services. 3. Funding these services could be provided by directing 2% of Victorian stamp duty to this, and/or 1% levy of daily turnover on the Victorian Stock Exchange.
