YOUR SUBMISSION

Submission:

I find it absolutely and utterly outrageous that many men and women returning from serving our nation overseas in the ADF get so little support, and come up against so much heinous bureaucracy, that they go on the streets or even, so sadly, suicide. Does any government department give a hoot? Does any association do enough for them? Their needs are real but they are broken and they wish to be mended. To see men and women sleeping on the streets, people who risked their lives for our country, and to have them offer to sell you their medals so they can buy food and smokes, is gut wrenching.

Do you have any additional comments or suggestions?:

have you bothered to put ads re the inquiry in the ethnic media???
