YOUR SUBMISSION

Submission:

Yesterday 18 year old homeless boy G collapsed on Skye Rd Frankston on the road in front of a car that had to brake hard not to run him over.

He had been climbing trees in 40C heat after taking Ice and was dehydrated very ill obviously malnourished. 4 people stopped to assist Police attended then Ambulance. Police didn't know what to do with him apart from ambos medical check. Obviously there needs to be a Shelter and accommodation next to the hospital for homeless young people released from hospital with No Fixed Address, whether they stay outside or inside need storage of personal possessions if any and PRACTICAL HELP. This boy will be released from hospital onto street with Russian Roulette with traffic on cards again in 24 hrs.

Please fix.

Do you have any additional comments or suggestions?:

43C day today. there is nowhere for homeless people with pets to go. AT ALL
