What best describes your interest in our Inquiry? Concerned citizen

Are there any additional themes we should consider? Ice - Worst drug

Submission: Security guards or police- @ shelters -- so people can feel safe to sleep in these places rather than the street. The cost is cheaper than the crime, innocent victims. People need a safe place to sleep.. This should not be too hard- to police boarding houses etc. The social acceptability 'norm' of today - is complete lack of healthy societal values, & getting exponentially worse.

Do you have any additional comments or suggestions?
