

Hi

Please consider the major differences between homeless and criminals.

Corio has been the perfect location to understand the criminals none homeless.

The homeless could steal / rape / aggravate any one on the streets to in a store..
BUT DO NOT.

Since living in Corio i have had ice addicts absolutely destroy 2 rental properties next to me from one house. These people frequently talk about how / what to steal to go to jail.. to get free bed, food. Took a long time to get rid of the various tenants over 5 years. Now hoons / steal cars have moved in and also destroying rental houses / road / nature strip / fence / windows. They refuse to stop hooning yes police there daily.

These people rent but don't pay, know how to play the system and get away with it. This is what the tax payers pay for for these deliberate adults keep going to jail. Then rent again through Barry Plant, change tenants, owners not informed but house is destroyed..

I have NEVER MET A HOMELESS WHOM IS SO CONSISTENTLY ABUSES THE SYSTEM.. to get a warm bed and some food.

Have you ever slept on the streets.. i have.. with no food..no shelter. ??

The criminals consistently remind of a parliament meeting . They know what to say to get away with doing nothing.

If parliament had active & intelligent heart qualities.. they would do something about the corruption.. but that would require responsibility never chosen ignorance.

Sad thing is i feel in my heart. .. i have little faith in hoping this will be read & understood.

Tina
