YOUR SUBMISSION

Submission:

We wouldn't need a sex offenders register file if pedophiles received a jail sentence the community expects which is minimum 18 years per offence. No concurrent sentencing. No early release. Monitoring after release.

The person the crime has been committed against gets a life sentence. 18 years is nothing compared to the victims sentence.

Since we don't have proper jail sentences then we must have a sex offenders register, it's that simple.
