The Committee Chair

I request that the Committee consider the current application of Liability Laws in Victoria .

I submit a Law (Statute) in future should only ever be a Liability Offence (Strict/Absolute) by an Explicit Provision in the Act .

I submit that the present arrangement of the Courts Interpreting the Act and referencing "Explanatory Memorandum " is unfair and just plain wrong .

An Explicit Provision making an Offence a Liability Offence is Fair ,Just and Transparent .

Yours Respectfully,
Anthony Gleeson
