Subject: FW: [REDACTED] No 001. This confirms that the coroner denied he read any messages from us to the Attorney General, he lied to the A.T.. No 034. confirms there was to be a police investigation which apart from statements (NOTHING), the police taking statements commented this should be looked into as [REDACTED] left the scene and circumstances surrounding the death. No 035. [REDACTED] rang the hospital approx 9.30pm and failed to mention [REDACTED] last dose was taken approx 7.00pm, so 2.5hrs later never took their advice never conferred with [REDACTED] or sought her advice and never rang 000 for ANOTHER 2HRS after she was DEAD. BECAUSE AS [REDACTED] entered the shower she grabbed [REDACTED] arm and she was stone cold. He's so called second phone call of concern was to cancel her colonoscopy. He also claims to nurse [REDACTED] when she advised him to bring her to the hospital that this would be difficult because of the baby. My god that was the reason [REDACTED] was their. He had no reason to take that night off as he was taking the following day off to take her to hospital. Regards Doug & [REDACTED] Sheridan
