### YOUR SUBMISSION

The use of CBD oil without the THC component should not be illegal in any form as it does not have the hal-lucinogens. Like all medications, it works for some and not for others but the overwhelming evidence from people who have used it for their children, pain management in cancer and calming those with behavioural issues in Dementia is compelling. Scientific studies are not needed other than to satisfy the bureaucrats. This plant has been used for thousands of years.

By decriminalising, cannabis for personal use makes sense, it is no worse than alcohol which is legal.

**Do you think there should there be restrictions on the use of cannabis? :**

Personal use of cannabis should be decriminalised.

(Decriminalised: there are no criminal or civil penalties instead a person is referred to a drug diversion program or other health/ treatment service), Personal use of cannabis should be legal. Sale of cannabis should be legal and regulated. Cultivation of cannabis for personal use should be legal.
