YOUR SUBMISSION

Submission:

I have had Type 1 Diabetes Mellitus since 1966. I am lucky to have survived so many years with this condition. Unfortunately, because I have managed to keep myself alive, I now have many health problems that I am suffering from.

I am living on the Disability Support Pension.

Diabetic Painful Peripheral Neuropathy and Diabetic Gastroparesis cause me high levels of pain. My doctor has prescribed Lyrica (Pregabalin) for pain relief. Lyrica has a potential side effect of furthering my already failing Kidney Neuropathy.

I have been using cannabis for many years to pain relief and for managing the stress caused by my ailing health.

I asked my G.P. for assistance to put me on the government cannabis oil program, but he just threw his arms up in the air and exclaimed that he had no idea how to do that!

I have had to purchase cannabis ILLEGALLY!

I do not want the government, or some government-privatized organization to control the legal sale of cannabis.

I want to right to legally grow 2 or 3 cannabis plants in my backyard each year. This would be an affordable solution to my health and poverty problem!
