### YOUR SUBMISSION

**Submission:**

In my opinion, kids should be well educated about the use of cannabis.

If making it legal to grow one or two plants decreases the size of the black market trade then that should be a massive positive.

People caring for cannabis users should be told, and have the choice to enter their houses, and care homes should have the power to allow it or not.

**Do you have any additional comments or suggestions?:**

Allowing to grow one or two plants should be more than enough for home use and people wanting to grow. Taxing the sale of cannabis would greatly benefit the government too.
